- ♦ *** Delivery & Installation EuroLift:** The installation of the EuroLift unit and its correct fitting to the boat are essential. Therefore DELIVERY and INSTALLATION by our factory trained staff is included. The prices quoted are for the lift delivered to your site and fully adjusted to fit your craft. Please check with our sales staff what is required at your site for installation of the lift. (Delivery is based on a 300 mile radius from Welwyn Garden City, beyond this please ask for a quote)
- ♦ The EuroLift is suitable for both power and sail craft. ALL EuroLifts are now supplied with WALKWAYS. We can manufacture a lift for any type of craft, if what you want is not shown here please contact us to discuss your requirements further.
- ♦ **DIMENSIONS:** The EuroLift typically increases beam of the boat by 70 cm. in total when the craft is lifted out of the water. Each lift can take a craft of 10% greater length than the lift itself, for some craft (ie Ribs) a greater overhang may be permissible.

HydroPort 2, PWC Dock;

HydroPort 2 Inc Mooring Kit **	3.5m x 1.5m x .38m Cap 680 Kgs	£1,102.13 Ex Vat	£1,295 Inc Vat
Kit to Join two HydroPorts together		£127.66 Ex Vat	£150 Inc Vat

- ♦ **** Delivery & Installation HydroPort 2;** The price quoted is Ex Works Barnet it **does not include delivery**. Full installation instructions are supplied with each unit. We can quote for delivery and a full installation service if required. On the HP 2 each unit comes with a mooring kit. Joining kits are available to raft several HP2 units together if necessary.
- ♦ **The Next step;** If you are interested in either a HydroPort or a HydroHoist BoatLift please contact us and we will take full details of the craft it is for and where it is to be installed. We can then advise which unit you need and confirm the costs.
